Mother Dairy caters to hotspots

MOTHER Dairy on Tuesday said it has made special arrangements to supply milk and other dairy products at 61 hotspots of coronavirus pandemic across the national capital region.

We have deployed 15 vehicles for supply of milk and other products to 61 hotspots across Delhi-NCR, the company said in a statement. This step has been taken by the company in collaboration with the various RWAs and the local authorities, it added. The company sells an average of 78,622 litres of milk per day in the located hotspots, it added.
